

My name is Valentin Dimitrov. I live in Plovdiv and I am a 25 year old front-end developer with lots of professional experience in HTML/CSS/JavaScript programming. I am a very responsible and reliable person and I am very passionate about my area of expertise.

Work Experience

2010 – Present {Front-End Developer} at Viscomp Bulgaria, Plovdiv, Bulgaria

- Returned as a senior front-end developer for Viscomp Bulgaria. (see 2008-2009)
- Doing "PSD 2 HTML" work.
- Supervising and taking part in a team responsible for creating mobile versions of our clients' websites.

2009 – 2010 {ASP.NET Front-End Developer} at big:group, London, UK

- Worked as a part of the MasterCard Online Production Team - creating web content for the United Kingdom and Ireland such as special promotions and websites.
- Worked as a front-end developer for websites like mastercard.co.uk, thebiglunch.co.uk, benumber23.co.uk, pricelesstravel.co.uk, cadbury.co.uk, and yourtescomastercard.com.
- Enjoyed being part of a big international team of designers and developers.

2008 – 2009 {Front-End Developer} at Viscomp Bulgaria, Plovdiv, Bulgaria

- Sliced and coded over a hundred valid German and Austrian websites from psd files.
- Held the record for fastest coding i.e. lowest average time for completing a project.
- Worked on a few big projects such as hockenheimring.de as part of a large developing team.
- Enjoyed intensively cooperating and interacting with our German-based colleagues.

2006 – 2008 {Web Developer} at Rhythm3 Advertising, Bourgas, Bulgaria

- Worked on a huge project for the agency's billboards selling web software as part of the developing team.
-
